

# Alitis Private Mortgage Fund

## Asset Manager

Alitis Investment Counsel Inc.

## Objective

To generate a high level of income with relatively low volatility.

## Investment Strategy

The underlying holdings will be primarily made up of MICs, REITs, and other pooled investments, and purpose-built limited partnerships containing mortgages sourced and managed by third-party managers. All foreign currency exposure will be hedged back to Canadian dollars as closely as possible using standard currency futures contracts. The Manager and the Portfolio Advisor seek to gain exposure to a diversified range of mortgage types, geographic regions and management expertise.

## Disclaimers and Disclosures - Alitis Investment Counsel Inc. ("Alitis")

Alitis Asset Management is a division of Alitis Investment Counsel Inc.

This report is provided for informational purposes only and does not constitute an offer or solicitation to buy or sell any securities discussed herein to anyone in any jurisdiction where such offer or solicitation would be prohibited.

Unless otherwise noted, the indicated rates of return are the historical annual compounded returns for the period indicated, including changes in security value and the reinvestment of all distributions and do not take into account income taxes payable by any securityholder that would have reduced returns. The investments are not guaranteed; their values change frequently and past performance may not be repeated. Unless otherwise noted, risk refers to the annualized standard deviation of returns for the period indicated.

All fund analytics, such as aggregated breakdowns and asset allocation, represent the approximate exposure to the underlying investments relevant to the analytics as of the date of this report.

The information contained in this report has been drawn from sources believed to be reliable but is not guaranteed to be accurate or complete. Alitis assumes no duty to update any information or opinion contained in this report.

Target returns are determined through a number of methods that are designed and intended to maintain the desired returns within the specified risk tolerance set for the fund. These methods vary. It is Alitis' view that within the current environment the displayed target returns are reasonable to expect over time, however, returns are not guaranteed.
