## Disclaimers and Disclosures – Alitis Investment Counsel Inc. ("Alitis")

This handout is provided for informational purposes only and does not constitute an offer or solicitation to buy or sell any securities discussed herein to anyone in any jurisdiction where such offer or solicitation would be prohibited. The information contained in this handout has been drawn from sources believed to be reliable but is not guaranteed to be accurate or complete. Alitis assumes no duty to update any information or opinion contained in this handout.

Notes: 1 – Combined Federal & Provincial (BC) Personal Taxes <https://www.taxtips.ca/taxrates/bc.htm>; 2 – Marginal tax rate for capital gains is a % of total capital gains (not taxable capital gains); 3 – Marginal tax rate for dividends is a % of actual dividends received (not grossed-up taxable amount); 4 – Individuals resident in British Columbia on December 31, 2025 with taxable income up to \$24,039 generally pay no provincial income tax as a result of a low-income tax reduction. The low-income tax reduction is clawed back on income in excess of \$25,020 until the reduction is eliminated, resulting in an additional 3.56% of provincial tax on income between \$25,021 and \$40,807. 5 – The personal amounts for 2025 are increased federally. For 2025: from \$14,539 to \$16,129 for taxpayers with net income (line 23600) of \$177,882 or less. For incomes above this threshold, the additional amount of \$1,590 is reduced until it becomes zero at net income of \$253,414. For 2025, the marginal rate for \$177,882 to \$253,414 is 29.32% because of the above-noted personal amount reduction through this tax bracket. The additional 0.32% is calculated as  $15\% \times (\$16,129 - \$14,539) / (\$253,414 - \$177,802)$ . 6 – If you are under 65 working and receiving CPP, you and your employer must make CPP contributions; 7 – January to March 2025; 8 – These amounts are not final for the 2025 income year and will be adjusted to reflect the quarterly adjustment of OAS benefits for the remaining quarters of 2025; 9 – In 2024, a second earnings ceiling was introduced, the Year's Additional Maximum Pensionable Earnings (YAMPE). The YAMPE is used to determine second additional Canada Pension Plan contributions (CPP2). In 2024, the YAMPE is approximately 7% above the Year's Maximum Pensionable Earnings (YMPE). In 2025 and every year after, the YAMPE will be approximately 14% above the YMPE.

The Government of Canada website, <https://www.canada.ca/en/services/taxes.html>, provides complete and detailed information regarding all tax information. You can find more information about Canadian benefits from [www.canada.ca/en/services/benefits.html](https://www.canada.ca/en/services/benefits.html). This site also provides calculators to assist you in determining the benefits that may be available to you. You can also obtain further information about OAS and CPP from this website: <https://www.canada.ca/en/services/benefits/publicpensions.html>.
